

Health Care Designed for Hoteliers

Do you need affordable and flexible health care? Of course you do. The real question is, can you find it?

Don't look any further

As a member of the Washington Lodging Association you have access to a health care plan that was designed especially for hoteliers — the Hospitality Industry Health Insurance Trust.

Discover the value in membership

HIHIT was created so hoteliers in Washington could have access to affordable health care, statewide. It is a unique health care plan that is not available to the general market. Both flexible and affordable, with HIHIT you can qualify to participate in the plan with as little as three eligible employees.

For smaller business owners, this means an opportunity to attract and retain quality employees. For larger business owners, you have the opportunity to organize different policies under one comprehensive plan. **Call us at 877.892.9203 to receive a FREE quote on a health care plan**, or contact your existing insurance broker.

Choices you can live with

Not only is HIHIT flexible, it offers great plan choices for you and your employees. There are six medical and five dental plans, covering the entire state. Plus, enrollees can keep their existing doctors, choose from 800 Group Health providers, or select from more than 9,000 First Choice Health Network providers.

Let us help you with health care

HIHIT was developed by hoteliers for hoteliers. Don't wait to learn more about this unique health care plan. Call your HIHIT representative today at 877.892.9203, or contact your existing insurance broker.

Best regards,

Jan Simon Aridj
President and CEO
Washington Lodging Association

P.S. Remember, this health care plan was created especially for hoteliers. Take advantage of affordable and flexible health care. Call 877.892.9203.
